MAZDA 3

PT EUROKARS MOTOR INDONESIA

We believe in the power of human potential; creativity, imagination and the amazing things we're all capable of when we're inspired.

We believe in taking the unconventional road and going the extra mile to do work that inspires.

We believe in artisans, designers, engineers and ambassadors who pour human energy into their work.

We believe in the power of cars to move human emotions. To awaken senses, heighten reflexes, make pulses race.

We believe the joy of being alive comes from what we discover on our journey, and the inspiration we find in every mile.

Mazda 3 Hatchback, design that liberates the spirit. With sensuous, free-flowing curved surfaces that reflect your ever-changing surroundings, evoking powerful emotions of freedom and self-expression. Opening up a world beyond conventions, where only you set the limits to your imagination and what you can achieve. It's design elevated to a provoking work of art. Inside, the cabin invites you to get in and go, with every detail considered and centred on you to give both emotional and practical satisfaction. Our passionate dedication to driving is the essence of every feature. The rewarding result is effortless and intuitive communication between you and Mazda 3.

Mazda 3 Sedan transforms tradition through a design evocative of a single flowing brushstroke. With its air of refined individuality, this sleek and elegant statement of sophisticated dignity connects on a deeper, more mature level. Inspiring powerful impressions of understated grace and beauty that speak directly to the emotions. Inside, the cabin is a symphony of materials and finishes individually selected by master craftsmen. But beneath the rich harmony and elegance is a ruthless dedication to the practicality of driving, with every feature and control intelligently positioned to always feel tailored specifically to you.

SUPPORTING THE SENSES

"Designed around you for greater comfort and intuitive control."

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

COMFORT IN COMMAND

Your driving position shapes every drive. Mazda is designed around you, with a natural seating position and pedals placed where your foot naturally rests for effortless control. The result is a relaxed, comfortable drive with minimal effort.

HUMAN-MACHINE INTERFACE (HMI)

Mazda's human-centric HMI keeps important information clear and within easy reach, helping you stay focused on the road. Driving information appears in the Active Driving Display and meter cluster, while entertainment and convenience features are accessed through the 8.8-inch centre display.

MOTION INSPIRED BY YOU

"Feel more connected with elevated comfort for a truly refined driving experience."

G-VECTORING CONTROL PLUS (GVC PLUS)

GVC Plus is one more way Mazda's human-centric engineering makes vehicle movement more responsive, more confidence-inspiring and just more comfortable. As you enter a bend, GVC Plus momentarily lowers engine torque to transfer weight to the front wheels and enhance grip. Then as you go through the curve, engine torque is restored to shift weight rearwards for greater stability. Finally, as you exit the bend brake force is slightly applied to the outer wheels to help recover straight-line running. This seamless, behind-the-scenes control greatly reduces the need for mid-bend steering corrections, smoothes the effect of G forces to reduce body sway, and lowers stress and fatigue on long drives.

Mazda Connect functions may vary depending on your smartphone and its operating system. Consult your Mazda dealer for exact details.

THE SENSIBILITY OF SOUND

“Balanced acoustics that bring comfort and clarity to every drive.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

MAZDA HARMONIC ACOUSTICS

Designed to create a quieter cabin by reducing unwanted outside noise while preserving the subtle sounds that enrich the driving experience. Complemented by a 12-speaker Bose® sound system with carefully positioned speakers, it delivers rich, natural sound with impressive depth and clarity at any volume.

We believe that a vehicle has something more than just a mode of transportation or a lump of metal. Therefore, we continuously push ourselves in developing SKYACTIV's superior technology and KODO design to achieve this. This is marked by the essence of being one with the car typical of Mazda's Jinba-Ittai.
